Great Testimonials

“ Sylvia and her team are absolutely amazing, they helped me to navigate the uncertainty of starting a new business. They guided me with kindness, encouragement, and motivation. I felt I had a helping hand and words of advice when I just didn't know where to go next. Their work is outstanding, full of attention to detail and pride for what they do. I am so grateful because they took my idea and made my business a reality. I highly recommend working with Guide & Grow.

- Kids House UK ”

“ Guide & Grow are great to work with and is run extremely efficiently by a team of professionals that making working with G&G as a corporation seamless and profitable. We recently arranged a campaign with G&G to spread the word about a brand new worldwide subscription box, which sold out within just a few days, thanks to the promotion by G&G. This included email marketing, a social media package plus some exceptionally professional videos by Sylvia. We will definitely work with her and her team again.

- Benedykt & Sylvester ”

“

We engaged Guide and Grow to promote the openings of our new Montessori Childcare centres in Melbourne through social media. Through Sylvia and her team, they have created a tailored campaign that captured the essence of our company values, which was all about making authentic Montessori available in Long Day Care. The results of these campaigns were highly successful with both centres ramping up in occupancy within months of opening. The work/content produced by Guide and Grow was of high quality and it was just a pleasure to work with Sylvia and their team.
